# 2024-25 Program Guidelines PA Student Teacher Support Program

#### Introduction

The Educator Pipeline Support Grant Program was created pursuant to the enactment of Act 33 of 2023. The Pennsylvania Higher Education Assistance Agency (PHEAA) was named as the administrator and launched the Program as the Pennsylvania Student Teacher Support Program. The PA Student Teacher Support Program was designed to address the financial strain caused by student teaching requirements, to incentivize completion at school entities that struggle to attract educators, and to reduce teacher shortages in Pennsylvania. The program provides stipends to individuals enrolled in an educator preparation program at an institution of higher education in the Commonwealth of Pennsylvania to complete their student teaching requirements and to the assigned cooperating teachers. A 3-year commitment to teach at an approved local education agency (LEA) or non-public school after graduation must be agreed upon by the applicant.

The 2024-25 PA Student Teacher Support Program Guidelines provide institutions with eligibility criteria and requirements, in addition to disbursement and refund information. The most recent version of these guidelines is available via pheaa.org/StudentTeacherSupport. This document is valid only for the 2024-25 award year and should not be referenced for processing any subsequent program years. PHEAA will publish updates to this document if additional changes become necessary during the current program year.

Participating IHE are required to use 100% of PA Student Teacher Support Program funds disbursed to them to compensate the cooperating teacher for their work. To verify that IHE are following the requirements governing the PA Student Teacher Support Program, a roster must be certified for each disbursement. Further details on this certification are outlined in section ii. IHE Disbursement on Page 7. Funds not certified as having been paid in accordance with program requirements must be returned to PHEAA. Failure to complete this certification may result in loss of future eligibility to participate in the PA Student Teacher Support Program.

#### iii. Reconciliation Roster

A year-end reconciliation roster will be generated for the IHE. The IHE is responsible for returning the reconciliation roster within 45 calendar days from receipt. Failure to complete this certification may result in loss of future eligibility to participate in the PA Student Teacher Support Program. Further details on this certification are outlined in section ii. IHE Disbursement on Page 7.

### **III. Student Teacher Participation**

  - Placement deadline:
    - 2024 fall term placement: July 1, 2024

# **B. Student Teacher 3-Year Commitment Requirements**

Following completion of their EPP, all participating recipients are required to work in an approved Pennsylvania LEA or non-public school as a teacher for a minimum of 3 years. The recipient will have 4 years following completion of their preparation program to complete the requirement. The recipient must communicate to PHEAA any contact information changes that occur during this period via written communication to studentteachersupport@pheaa.org.

### i. Employment Verification

Information related to how verification will occur will be released at a later date.

### IV. Awards & Disbursements

#### A. Program Awards

The PA Student Teacher Support Program is designed to include two awards. One award will be disbursed to the LEA or non-public school for payment to the student teacher at the start of the student teaching term. The second award will be disbursed to the IHE for payment to the cooperating teacher.

Award Type	Award Amount
Student Teacher	\$10,000
Cooperating Teacher	\$2,500

#### i. LEA & Non-Public School Disbursement

One PA Student Teacher disbursement will be sent to each participating LEA or non-public school per term. The disbursement will include awards for all student teachers approved at that LEA or non-public school for that term. Notification of disbursement is sent via email to the LEA or non-public school point of contact. Each disbursement sent to the LEA or non-public school will produce a disbursement roster.

- After disbursement, a disbursement roster will be generated for the LEA or non-public school to certify that:
  - Each student listed is a student teacher at the LEA or non-public school
  - The LEA or non-public school will use 100% of the funds to compensate the student teacher
  - The LEA or non-public school is required to disburse the funds to the Student Teacher
    - Resulting in the LEA or non-public school issuing a 1099 form to the Student Teacher

At the end of the spring term, a reconciliation roster will be generated for the LEA or non-public school as a final opportunity to submit corrections or changes to a student teacher status and to also verify that the student teacher completed the teaching term.

#### ii. IHE Disbursement

The Cooperating Teacher disbursement will be sent to each student teacher's corresponding IHE after the student teacher has completed their student teaching experience. The disbursement will include awards for all cooperating teachers for that term. Notification of disbursement is sent via email to the IHE point of contact. Each disbursement sent to the IHE will produce a disbursement roster.

After disbursement, a disbursement roster will be generated for the IHE to certify that the
postsecondary institution will use 100% of the funds to compensate the cooperating teacher

#### iii. Refunds

If a student teacher leaves (see iv. Participation Changes on Page 8) the program during the period in which PA Student Teacher Support Program funds have been certified, a refund to PHEAA for all or a portion (to the nearest dollar) of the PA Student Teacher Support Program award that has not been paid to the student teacher is required within 30 days. The LEA would refund the amount of funds equal to the percentage of the payment period the student teacher has not completed. For PA Student Teacher Support Program purposes, a week is defined as starting on Sunday and ending on Saturday. A week of work is defined based on the typical work schedule of each student teacher. In a situation where the start of the student teaching term is the middle of the week (Example: Wednesday), that will count as a full week of work for the first week.

#### iv. Participation Changes

LEAs or non-public schools must communicate to PHEAA any participation changes that occur during the time of the student teaching term. Participation changes include but are not limited to a termination, resignation, leave of absence, or any other circumstance where the student teacher or cooperating teacher does not complete the term. A participation change could also include situations at an LEA or non-public school that could result in the student teacher not being eligible. Changes that occur during this period should be sent via written communication to studentteachersupport@pheaa.org.

#### V. Appeals

To appeal a decision by PHEAA concerning LEA or student teacher eligibility, an LEA or non-public school must email studentteachersupport@pheaa.org with background information and supporting documentation for the appeal.

# VI. Administrative Capability, Retention of Record, & Program Review

All LEAs and non-public schools must comply with all other administrative requirements communicated by PHEAA and are expected to demonstrate administrative capability regarding the program. Administrative capability includes maintaining adequate personnel, as well as ensuring proper internal training of all employees managing the program. Resources that institutions can utilize as part of their internal training are available at pheaa.org/sgspResources. In accordance with these program guidelines, all LEAs and non-public schools are required to retain all records necessary for the certification and disbursement of the PA Student Teacher Support Program funds for at least 5 years from the date on which the LEA or non-public school completes the reconciliation certification.

PHEAA is committed to helping organizations accurately and effectively administer state aid programs. As stewards of taxpayer dollars, PHEAA aims to ensure that all state aid programs are administered in compliance with all applicable laws, regulations, and program policies. As such, PHEAA conducts routine reviews in an effort to better serve our partner organizations. Records may be requested and examined as part of the Program Review process of PA State Grant and Special Programs by PHEAA. Findings in a program review of PA Student Teacher Support Program may result in refunds to PHEAA and be considered in combination with other PHEAA administrative program findings to determine if four or more administrative findings have been identified. Four or more administrative findings indicate a high error rate and a follow up program review for the next academic year will be scheduled.

For additional details on the PA State Grant and Special Programs Program Review process, please visit pheaa.org/ProgramReview.

The Pennsylvania Higher Education Assistance Agency (PHEAA) was created by the Pennsylvania General Assembly in 1963 to provide affordable access to higher education for PA students and families. Through the years, PHEAA has evolved into one of the nation's leading providers of student financial aid services, including the Commonwealth's state-based student loan program—PA Forward. PHEAA also serves millions of students through guaranty, servicing, financial aid processing, and other programs.

PHEAA's earnings are used to support the Agency's public service mission and to pay operating costs, including the administration of the PA State Grant Program and other state-funded student aid programs. This contribution from PHEAA saves the Commonwealth millions of dollars each year. PHEAA continues to devote energy, resources, and imagination to developing innovative ways to ease the financial burden of higher education for students, families, schools, and taxpayers.

PHEAA conducts student loan servicing operations nationally as American Education Services (AES).

#### Information on the Privacy Act & Use of your Social Security Number

The Privacy Act of 1974 requires that each federal, state, or local agency that asks you to supply your Social Security number (SSN) or other personal information must provide you with certain information regarding the agency's authority to ask for you to supply the information, the purpose(s) for which the agency is asking for the information, and any effects on you for not providing the information.

Your SSN is needed to identify you, process your application, and keep track of your record. We use your SSN in recording information about your college attendance and ensuring you have received the benefit of this award. We will only share information as permitted by law and for routine use in our day-to- day operations, such as to process your application and communicate with program sponsors. If you do not give us your SSN, you will not receive a program award. Applicants are hereby advised that disclosure of their SSN is a requirement and a condition for participation in the program. PHEAA, without such an identifier, would have difficulty in maintaining proper records.

Section 7(a)(2) of the Privacy Act provides that an agency may continue to require the disclosure of an individual's SSN where the agency required this disclosure under statute or regulations prior to January 1, 1975, in order to verify the identity of the individual. Beginning in 1966 with Form S-1A-66 (First Application), applicants have been required to answer all questions completely or face disqualification for assistance.

All subsequent forms utilized by PHEAA contain the SSN as the identifier of the applicant, including eligibility announcements forwarded to the student and the financial aid officer of the postsecondary institution.

# Principal Spotlight Central Elementary September Board Meeting

- Open House is scheduled for Thursday, September 5<sup>th</sup>, from 5-7 PM. It was moved to accommodate the construction.
- Central's PBIS kickoff will be held on Friday, September 27<sup>th</sup>. Time TBD-we are working with the high school band, color guard and cheer team for a Pep Rally type kickoff.
- Miranda Redka and her team will attend Central's Sept. faculty meeting to outline the services she will be providing for behavior supports.
- I want to publicly thank Bill Reifsnyder and his team for accommodating Central staff in every way, and making it possible for them to access their rooms. I also want to thank the Central staff for pulling together and working so well under difficult opening conditions. They spent much of their own time over the Labor Day weekend getting their rooms ready for our students.
