IV. Comments from the Public:

Please line up behind the microphone and take turns speaking into the microphone for up to five minutes per person. Since this is a hearing, the Board desires to hear the public's comments. The School Directors and administrators prefer not to respond simultaneously to questions raised from the floor because they would like to have time to consider, and perhaps to research an issue, prior to making a statement about it. The Board will receive and consider written statements, which may be submitted at this hearing and also following this hearing. It is requested that such written statements be submitted on or before April 13, 2025. After tonight, written statements should be delivered or mailed to Jamie Mowrey, School District Business Administrator, 515 W. Central Avenue, South Williamsport, PA 17702.

In the interest of allowing as many points of view as possible to be heard, please refrain from repeating the substance of comments that have already been made by others, except for brief statements that will indicate agreement with what prior speakers have stated.

Public comment made at this hearing will be recorded and typed by the court stenographer who is present, and written comments submitted will all be available to the School Directors. Public comment at School Board meetings between now and the time a decision is made regarding school closures is welcome. However, those comments will not be recorded or made part of the record of this hearing unless they are also submitted in writing.
