

March 3, 2025

Dear Parents and Community Members,

The South Williamsport Area School District is committed to providing a safe, supportive, and engaging learning environment for all our students. To ensure we are meeting this goal, we are conducting a school climate survey and we need your valuable input.

Your feedback is crucial in helping us understand the perceptions and experiences of our students, parents, and community members. This survey will allow us to:

- **Identify strengths:** Recognize and build upon the positive aspects of our school environment.
- **Address areas for improvement:** Pinpoint areas where we can enhance our programs and services.
- **Foster a culture of collaboration:** Create a stronger partnership between the school and the community.
- **Improve Student well-being:** to help understand the feeling of safety, and belonging of our students.

The survey will cover various topics, including:

- Student Support
- Social and Emotional Learning
- Safe and Respectful School Climate

We encourage all parents and community members to participate in this important initiative. Your honest and thoughtful responses will help us make informed decisions that benefit our students and the entire school community.

1. The survey will be available online from March 3, 2025 to April 3, 2025. You can access the parent survey by clicking on the following link: [Parent Survey Link](#). If you are a community member who is not a parent, please complete the survey at the following link: [Community Member Survey Link](#)

Your responses will be kept confidential and used for the sole purpose of improving our school climate.

We appreciate your time and dedication to the South Williamsport Area School District. Together, we can create a positive and thriving learning environment for all.

Thank you for your participation.

Sincerely,

Dr. Eric Briggs

Dr. Eric Briggs
Superintendent of Schools
South Williamsport Area School District
